AYER'S Cathartic Pills,

(SUGAR COATED)
ARE MADE TO

ANSE THE BLOOD AND CURE THE SICK
valids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues

FOR THE CURE OF

eadache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1855.

J C AYER Sir: I have been repeatedly cured of the headache [illegible] two of your [illegible] It seems to arise from a foul stomach [illegible] they cleanse [illegible] If they will cure others as they [illegible] me [illegible] knowing [illegible] yours with great [illegible]

ED W PREBLE, *Clerk of Steamer Clarion*

ilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., Feb. 1856.

I have used your Pills in my general [illegible] since you made them and cannot hesitate to say they are the best cathartic we employ. Their regulating action on [illegible] is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed I have found a case of bilious disease so obstinate that it did not yield to them. Fraternally yours,

ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV CO, MICH., Nov 15, 1855.

AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at [illegible] expense but got no better. She then commenced taking your Pills which soon cured her, by expelling large quantities of worms (dead) from her body. They afterward cured her and our two children of bloody dysentery. One of our neighbors had it bad and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO J GRIFFIN, *Postmaster.*

ndigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G MEACHAM, M. D.

sipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout — a painful disease that had afflicted me for years.

VINCENT SLIDELL.

Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Suppression, Paralysis, Inflammation, Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

[illegible] of the pills in market contain Mercury which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American [illegible] its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where [illegible] have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. [illegible] the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs [illegible] the pleasantest and safest remedy that can be employed [illegible] young persons. Parents should have it in store [illegible] insidious enemy that steals upon them unprepared [illegible] abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible and thus afford those who rely on it the best agent which our skill can furnish for their cure.

TUESDAY MORNING, JUNE 23, 1863.

Sensation Rumors

The stage last evening brought no dispatch, and we have no later news than was published yesterday, save the rumor which was based upon the reports of passengers from Yreka, who say that just as the stage was ready to start, intelligence came by telegraph "that Harrisburg was in possession of the rebels. Hooker had been surrounded and his communication cut off, and that Lee was within fifteen miles of Washington." This seems incredible, and of course will not be believed until very strongly confirmed, but we confess that after the startling and unexpected intelligence which has come upon us for the past few days, we are ready to hear almost any extraordinary thing without surprise. We shall hardly be astonished if it is announced this evening that Abraham and Mary his wife have vamosed the White House ranch, that Halleck and Stanton are imprisoned in Richmond, or that Banks and Grant are enjoying hospitalities at Vicksburg, as the captives of Pemberton. Doubtless and seriously, there is a terrible panic along the line of the rebel frontier, extending northward and especially to the large Atlantic cities. What has caused it all is an impenetrable mystery, in regard to which speculation is idle. It is sad enough to know that in some way, reverses have overtaken us, more heavy and perilous than could have been anticipated a few days ago, but instead of leading us to doubt or despair, we rather need and must exercise stronger faith and a more unfaltering confidence in the sublime cause which must not, cannot die.

The Galled Jade

The amiable Custom House Editor yesterday volunteered in the *Times*, his denial "that he said that he had the Union party under his control, and meant to keep it so." Even if the reference was to him, we should not regard his declaration as proving anything, as he has made so many statements which he knows and we know were utterly false that we have no confidence in what he says when he is contradicted by anybody whatever.

We had no doubt that the information upon which our former article was based was reliable, and we still believe our remark was true. At a proper time, if the conduct of that official and of some of his faction makes such a course expedient for the welfare and success of the Union party, we shall offer to the public such proofs of a factious conspiracy on their part, as we think, will not fail to satisfy every intelligent member of the party that the whole aim and purpose of these persons for months past, have been to use it for personal ends, and to weaken and destroy by falsehood and slander, the position and influence of any Union man who presumed to question their infallibility or to expose their plans. In the meanwhile, they will do well to possess their souls in patience, for they may be assured that they can neither frighten or turn us aside from a plain course of duty.

Breakers Ahead—Long Tom Rising.—The democracy of Lane county, or that of it which flourishes in Richardson's precinct, have been in convention lately, and according to the *Eugene Review*, the editor of which made an eloquent speech of course, it was a grand occasion! Patriotic thoughts were ventilated after the secesh fashion, and resolutions were passed which would read well if adopted in Dixie. The Kentucky resolutions of 1798 were endorsed as containing the true doctrine, though what these were we don't believe a single person present could tell. The whole thing seems to have been a little ebullition of rebel sympathy, which can harm nobody half so much as those who took part in the mad and foolish as well as cowardly attempt to be treasonable, when there was no danger of being held responsible.

The Traitor's Appeal.—Vallandigham appeals to time to justify him. And what will time, what will the impartial historian have to say of him? It must be written that he was in a time that traitors abounded, one of their sneaking supporters. It must be written that when those with whom he had acted in Congress, and whose plans and plots he had helped, one after the other dropped out and passed openly over to the enemy, he was too cowardly to take the field with them, but stayed in his seat and continued to do what lay in his power, furtively and otherwise, to fetter the energies of Government and people, and he afterwards lost no opportunity of holding the hands of a great nation, while Floyd picked its pockets and Jeff Davis tried to cut its throat. It will be said that this man's devotion to his country's enemies could not have been greater if those enemies had been her as they were his, best friends; that heeding neither shame nor honor, he consistently voted in Congress against every measure necessary to his country's defense, and when his constituents sent an honest man to fill his place, that then his last resource was to try to inflame the minds of ignorant men, and to stir up sedition at home while we were pressed hard by an enemy on our borders.—*N. Y. Post.*

Twenty Four Pounders.—How do they look? How big are they? Everybody in Portland on the Fourth will have a chance to find out, under Sergeant Davidson's manipulations. One of these *playthings* will *speak* for itself at sunrise, noon and night.

Oregon Central Railroad

The Southeastern part of Oregon will at no distant day occupy the attention of the public to as great an extent as Boise, Canyon City, Auburn, and other already developed mining districts of this State and Idaho. The Owyhee region will become as well known as Washoe and Humboldt. The same enterprise that has developed Washoe and Humboldt, and opened routes to them, will, unless we forestall our California friends, tap the yet undeveloped though well known resources of the Owyhee and Southeastern Oregon. A little enterprise on our part, citizens of the Willamette valley and Portland, will bring these new sources of wealth to us and divert them from paying tribute to California. Already railway enterprises are talked of, and citizens of Portland begin to take a lively interest. A company is organized for a wagon road across the Cascades via the middle fork of the Willamette river, with power to change in part or entirely to a railway. Petitions for grants of land in aid are already in the hands of our Congressional representatives. The route is known to be positively through the very best pass in the Cascade mountains south of the Columbia river; it is on the best line for any immigrant road to this valley; has a direction most favorable for reaching the John Day, Powder River or Boise mines, and is also on the best natural route for a branch of the Pacific railroad connecting with Portland. It is a valley which offers unsurpassed facilities for an economical, first class railway, one on which the local trade will be sufficient to sustain it. This line of railroad connected with the trans mountain wagon or railroad, will better and more certainly than any line yet mentioned make the future of the Willamette valley and Portland secure and prosperous.

Citizens and capitalists of Portland, lose no time in organizing a company and carrying out this scheme. Interest your Representatives in it, urge grants of land in aid of it. Your retention of your position as the commercial capital of Oregon and of the North Pacific coast depends upon your exertions in aid of the highways and railroads tributary to your commerce. At the same time that the object above stated should be kept in view, the Willamette valley or [illegible] will not be injured by aiding the exploration and railroad survey initiated in California at Marysville. No road should be built running south from Portland leaving out of view its possible extension through to California at some future day. And though we should join in such a survey with our California friends, it by no means follows that we shall be under obligation to build for years a road connecting with theirs. Suppose a road is built from Portland to the middle fork of the Willamette river and aid has been given and the transmontane roads to the mining districts opened and tributary to it, years may, I might say must elapse, before the iron horse passes the Calapooias or Siskiyous. In the meantime, the Willamette valley road has become a beaten highway of traffic, pouring prosperity and wealth into the country and to its commercial capital, Portland; by use the groove is deepened, and trade follows the deepest grooves. Portland will have built up a *custom trade* that cannot easily be led off by new channels.

The positive gain to us by joining in the California survey will be, the survey of our part of the route and a report to Congress upon it; a union with the California influence and representation in Congress in aid of a land grant; the hope of California capital in stock subscriptions; joint negotiations of land sales if grants are procured. And should we organize a company for the whole line to California, ultimately to join their roads, we may control interests that otherwise may be controlled against us.

Letter from Walla Walla

WALLA WALLA, June 13, 1863.

EDITOR OREGONIAN:

The business men of this place seem to be awake at last to the danger they are in of losing their trade with the mines, and have raised by private subscription a handsome sum for a wagon road in the direction of Placerville. The contract was let a day or two ago at $3,000, the road to be completed by first of August. So you see there is lively competition in the routes of travel to the mines as well as every thing else. And by the way, I proposed in my last that I would say something this time about the "opposition lines" on the Columbia River. But now, after all, I scarcely know what to say. The most enthusiastic admirer of "cheap fare" and opposition cannot but admit that the old line have made many and most valuable improvements in the modes of conveyance and transportation, and when we consider that they have done so at a great outlay of expense, and at the same time took all the hazards of navigation, and also of a business that would prove remunerative, we must concede that it does not look "exactly the thing" for strangers to step in and reap the benefits just as the experiment promises to prove a success. No one claims, I believe that as yet the old company have hoarded up any money, but on the contrary have dispensed the whole of their income in liberal wages to a host of employees and in permanent improvements. Indeed I was told a few days since, by one of the leading men in the new company, that the old line is to-day largely in debt, and that it was mainly from that fact they hoped to be able to out wind them and bring them to terms. If this be true, and I have no means of knowing certainly, the public, that mysterious, inscrutable, insatiable personage, can have but little ground to hope for further valuable or permanent improvements, so long as they are running at the present ruinous rates. If the old rates, extravagantly high as they were alleged to be, could not keep the company out of debt, it is difficult to see upon what principle either company can keep up very long when they almost carry you for nothing, and your freight ditto.

However, as they say, its a free country and any body can go into the steamboat business that is disposed to try it, and [illegible] both run, the only question asked as a general thing is which is the cheapest? But after all, a far more important question for us, if we could realize it is which company, every thing considered, is the most entitled to our patronage, small as it may be? Is it best to encourage opposition *simply because it brings prices down to a starving figure?* If no superior advantages are offered to the public, either in speed or comfort,—if it is not proposed to do business which before was left undone or neglected,—in short, if the only thing proposed is to divide a business which does not keep those out of debt already engaged in it, we had better beware lest we are only making it sure that at some future season, ourselves or some other man, will have to make up the losses of this season to one or the other of the parties. We shall see what we shall see.

There seems to be no lack of candidates for Congress in this Territory. Besides Raynor and Cole, Mr. Turney is running independent, and this week Dr. L. C. Kinney adds himself to the list. "It never rains but it pours," and Mr. *Raynor* must look sharp that he does not find it a *rainier* campaign than he anticipated.

Weather is fine and fishing good. My next letter will probably bring myself, unless I go to Lewiston. If so I will write again from that place.

CONUS.

Letter from Lewiston

LEWISTON, June 16th 1863.

EDITOR OREGONIAN:

SIR: I arrived at this place yesterday evening. The town is dull, awful dull. Everybody has gone to Boise, and everybody else getting ready to go. But this is not the route for miners to travel now. I am informed that Mr. Saub[illegible] is out at work on the trail with a force of ten or fifteen men, but saddle horses are scarce and high, and the opportunities for getting goods taken out are not good. The price charged for packing to Boise is from twenty to twenty five cents per pound. I have been diligent in obtaining information concerning the mines near this place. A large proportion of the population has left them for the Boise and Beaver Head mines.

Elk City is dull, little doing. Cause, want of water. Florence is dull—causes I cannot mention. Oro Fino is more prosperous—laborers in demand at five dollars per day without board, and supplies cheap.

Umatilla Landing is a lively place but persons intending to sojourn or locate there must not be too expectant. As an index to the general state of improvement and accommodations for business and residence there I will cite a single example. There have appeared in the dailies recently rather taking advertisements and flattering notices of Taylor's restaurant. It is now kept in a loose board shed, some ten or twelve feet in width, and cobbled up against the side of one of the few more permanent structures of the town. An abundance of rough lumber can be had there at fifty dollars a thousand. I saw packers and teamsters soliciting freight for Boise at sixteen cents per pound. Some of them stated that they had been waiting for three weeks without procuring a load.

At the Tucanon wood yard, a few miles above the mouth of the Palouse, we encountered a real live vigilance committee, the first that has ever come under my immediate personal observation in this country. I cannot say that I was favorably impressed with the appearance of the institution. They had just captured eighteen stolen horses from Bill Bunton and Club foot George, two characters somewhat notorious in this region. The thieves made their escape. The company appeared to be under the captaincy of a Mr. Caldwell, formerly of Salem, Oregon, but just as we left, Capt. Alcohol, embodied in a keg of whisky, was installed as aid de camp, and judging from my knowledge of his character and the hearty welcome he received from the company, I think that he soon supplanted the old commander. They had taken some of the wood yard men in custody on suspicion of complicity with the thieves.

MUDSILL.

"Two Nations."—Under this caption the Richmond *Enquirer* has a long article which has for its text the Connecticut election. It says: "Democratic men in Connecticut then finding that fire and sword are unlikely to bring in the money invested in them with cent per cent interest, bethink themselves it seems, of resorting to 'reason'—to see if *that* will pay. We know exactly what they mean by *reason*. We shall even put the proposition they would make us thus: 'Come now, ye wayward sisters! Has not enough been done for honor, as you call it? After all what do you make by this war and carnage? We 'democrats' have tried it, and behold it! it did not pay. On the contrary, all the pay and all the profits go to those wretches, the 'black republicans,' whom you and we together so long abused and kept out in the cold. You know we abhor them as intensely and bitterly as yourselves can do. It is true we joined with them in the employment of a general coercion to retain you in our glorious and lucrative old Union; but we are reasonable; when a speculation is found not to pay, we drop it; shall we throw good money after bad? God forbid? We think it is *time*—we are now ready—to make common cause with you against the common enemy—namely, the party that is in. Suffer the democratic party to lead you over once more into the green pastures of Federal office, and by the still waters of Federal patronage, and we shall make fair division of the spoil on the word of patriots and gentlemen. What shall stand in the way of such a blessed re-union? Shall the blood of sons and brothers slain, the shrieks of violated women, and the smoking homesteads and desolated fields, and all the pride and passion and agony of the mortal strife, be suffered to rise up between us on the sacramental day when we meet in that august and immortal Convention to distribute the patronage of a hemisphere, and feel that the wide unbounded continent is ours? Perish the thought! Let us drop from our hands these bayonets and bullets, and make a peaceful Presidential kind of campaign, as in the golden days of Tyler too; let us marshal the gallant old legions of the unterrified and *change* at the rate of two hundred millions per annum, to the war cry of *Pluribus Unum!*'"

This is the sort of "reason" which those Connecticut democrats propose to try. To them it seems reason; to us the very extremity of hopeless delirium. We shall watch those Confederates (so called) who may show any inclination to hearken to these eloquent democrats who may praise their lofty patriotism, or sympathize with them in their noble struggle for their Constitution. Such Confederates will be fit subjects—to say the least—of medical treatment as lunatics. To shave their heads and half drown them with shower baths might do them good, but to answer them according to their folly would only exasperate their paroxysm. If there be few such Confederates, or none, so much the better."

General Van Dorn.—A correspondent of a Richmond paper gives the following particulars of the killing of this abandoned rebel by Dr. Peters, and of its cause:

Since taking up his quarters at Spring Hill Van Dorn has been upon terms of criminal intimacy with Mrs. Dr. Peters. She was a Miss McKissick—young, handsome and intelligent. Her family is one of the highest respectability and considerable wealth. Her husband has been one of the most esteemed citizens—an amiable man, a member of the State Senate and a heavy planter. A brother, Major Peters, is Chief Quartermaster to General Polk. The pair have been married (second marriage on the part of the gentleman) for about five years.

On the day of the occurrence, Dr. Peters called upon Van Dorn and obtained a pass to go to Nashville. Van Dorn gave it readily, doubtless feeling glad to get rid of a disagreeable and dangerous incumbrance. They were alone together in an upper room, and it is supposed that Peters shot from back of Van Dorn's head, which was split in twain by the bullet. The report was not heard, however, and Peters mounted his horse, rode away, crossed the lines with the pass previously obtained, and entered Nashville. He has been, I learn, received with marks of distinguished welcome.

The body of Van Dorn was coffined and sent off for interment. Mrs. Peters has returned to her own family.

These are the facts hard and dry. Rumors of the conduct of Van Dorn, not only in this one instance, but in others near Columbia have been prevalent for some time. Without doubt he acted very badly. My informant tells me that he has degraded the cause and disgusted every one by his inattention to his duties and his constant devotion to the ladies, and that to the exclusion of all else. Wine and women have ruined him, and they have ruined many another brilliant but reckless man. That Van Dorn was a man of daring genius there can be no doubt. Being handsome, with dark flashing eyes, a magnificent mustache, a superb rider, showy address, quick witted and graceful, he was also a man of enterprise, foresight, keen intelligence, but was wholly and thoroughly unreliable. He always sacrificed his business to his pleasure. He was never at his post when he ought to be. He was either tied to a woman's apron strings or besotted with wine.

EXPECTORANT

AND SANATIVE PILLS

HAVE BEEN BEFORE THE PUBLIC SO LONG, and found such general favor in every region of country where they have been used, (and there is no place on the civilized globe where they have not been sold,) that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet, it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

Diseases of the Lungs & Throat,

inducing and ending in CONSUMPTION, many of whom may not have used his remedy, that they should be now asked to read of some of the cases where its influence has been useful in remedying complaints from which they are suffering. The EXPECTORANT

Operates immediately upon the Disease,

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS, by preserving regularity in the Bowels, and giving a healthy tone to the other internal organs, aid and assist the perfect operation of the former.

Attention is asked to the following Certificates, selected at random from the mass in the possession of the proprietors:

UPPER UWCHLAND, Chester Co. Pa., Sept 25, 1858.

Dr. D. JAYNE—Having been afflicted with ASTHMA and BRONCHITIS, and having the advice of some of the most eminent physicians, whose skillful treatment of my case did not prove to be of any avail, I obtained no relief for my suffering until recommended the use of your EXPECTORANT. After taking it for about three months, I was entirely cured.

NATHAN PENNEPACKER.

ASTORIA, Long Island, Jan 15, 1860.

L. W. TINELLI, Esq., New York—Sir: As you well know I had been afflicted with BRONCHITIS, accompanied with the most painful tightness of the chest, and great difficulty in breathing for nearly two months, and I had almost lost all confidence in the power of medical science, when at your friendly suggestion, I began the well known (but not enough known) "EXPECTORANT" of Dr. Jayne, of Philadelphia. Three or four days after having commenced to take it, my cough had nearly subsided, the expectoration was easy, and the breathing quite free.

I am now quite another man, and my general health has never been better.

I remain, my dear Tinelli, with esteem, your servant and friend,

J. B. MONTE.

WINFIELD, Tuscarawas Co. O., May 31, 1860.

Dr. D. JAYNE—Dear Sir: One bottle of your Expectorant cured my daughter of the LUNG FEVER, after having been beyond the hopes of recovery. During the attack she had a number of convulsions. She is now perfectly well.

J. H. COFFMAN.

BURLINGTON, Bradford Co, Pa, July 23, 1863.

DR. D. JAYNE—Dear Sir: My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor. He was finally induced to try your EXPECTORANT and PILLS, and after taking 10 bottles and some PILLS, was completely cured, and is now able to labor every day.

JOHN HENRY.

We would add to the above that we sold to Mr Henry the medicine for his son, and know that the statement is true.

IMPROVED TIGHT-STITCH

FAMILY

SEWING MACHINE

is unequaled by any for beauty, simplicity of construction and efficacy in working, and will do

IN A PERFECT MANNER,

a greater range of work than any other machine.

The value of a Sewing Machine cannot be estimated by the amount of wood, iron, brass or steel used in its construction, but by the *manner* in which these materials are put together, and the quantity and quality of the work it turns out. You can buy a watch or a piano-forte for *very little money*; but if you want either for *your own use*, you will want an article which can be *relied upon*, and you will purchase accordingly.

LADD & WEBSTER'S

Sewing Machines

use a *straight* needle; curved ones are liable to break.

They make a *tight lock-stitch*, alike on both sides of the work, which cannot be ravelled.

Every machine is sent from our office threaded, and with work under the needle ready for operation, accompanied with such explicit printed instructions as will enable persons who may never have seen a machine to teach themselves.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any however delicate to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally morning, noon and night; it will not only cure the pain but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating take a dose of Pain Panacea after each meal.

If you have Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhea, or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely and you will soon relieve pain and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

Wun ov the Poets, I forgit which wun, sez 'the proper studdy of mankind is man,' but to understand human natur perfeckly requires sum nollege of the other animals, ez far instance snaix ' There's a grate deal ov human natur in snaix '

Speakin ov snaix reminds me ov a incident which happened to me the other day I woz a traveling in the cars when a man cum in with a countenance which looked as if it had been biled and the scum not properly tuck off He woz accompanied by a very young man in a very durty yaller sute ov close The young man stared hard at me, whereupon I sed, in my most insinuatin manner, 'Yure sarvint sur; du yu see enything green about me ?'

'Neigh, revrent sur,' he replied, 'permit me to introjuce to yu a patriot '

'Wheer abouts,' sez I

'Yes, sur,' sed he, 'I woz incarcenated in that federl bastill, becoz I would not abay a tiranickle guverment '

'Sumpthink like Jno W. Hampton,' sed I, 'when he objected to setting his skule tax ?'

Its rather singuler to find a peas man who is also a patriot. I should like to hev yure waxfiger in my show '

'You flatter me,' sez he

'Not a tall,' sez I. Whot other bizness do you foller when times is dull ?'

'I am a neditur,' sez he 'I tole Mr Linkun whot I thort ov him, sur, in my paper, sur I tole him the wor woz a un holy war. That the rebils woz a fitin for thare burthrites and the Constitution. Let me not burst in ignornots,

Sez he, very short, 'I would not bough down and take the oath. I woz released on my pay roll ov honor '

'You owdacious cus,' sed I, 'a mitey site meaner than Limburg cheese is yure pay roll ov honor Wy, sur, my immortal little monkey is smart kompared tu yu My kobra wouldn't associate with yu My wax figger ov Smith, the wife murderer, would skorn to ware yure close Wy, sur, it air a privilege to take the othe ov a legence I take it, sur, in the mornin when I rize and brethe the are ov freedom I take it when I lie down at nite sekure in the proteeshun ov my country I administer the othe to my famerly I teech it to my innersent children Yu a patriot ! 'Cuss the Legislatoor ov yure natiff stait,' sez I 'I hev no sutch snaixs in my show South Carolina addopted the rattle snaik ez the emblem ov her suvereingty—but yure Legislatoor haz chose a meaner an more deadlier reptyle—the copperhead My feebel opinion is, sur, that either W Penn diddent git a good title, or he left no legitermate ares, and the suvvereignty ov yure natiff stait has reverted to the pizen Ingins agin, which woz the original possessors '

O'Connell is said to have checked a panic on a bank of which he was a director, by making the cashier roast the gold that was given in exchange for notes. The poor Pats thought they were coining money in the bank parlor, and that they couldn't break a bank which could supply its customers with gold like breakfast rolls. Besides it was rather uncomfortable to pick up hot sovereigns, and the process of cashing was necessarily slow.

AYER'S

Cathartic Pills,

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1856.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities anywhere which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
